Dear Chantel, Finn and the entire Solar Quotes team,

You are lighting up lives for the better!

We are writing to express our heartfelt gratitude for your generous donations over the years. Since August 2019, Solar Quotes has donated an incredible \$211,321, and we want to acknowledge how much these consistent and impactful donations mean to the lives of the women entrepreneurs we work with. Your support will help us to achieve our vision of a world where women are equipped as clean energy entrepreneurs to lead their communities out of poverty.

Thanks to your support, we are empowering inspiring leaders like Laxmi, who lives with her family in Hyderabad. Laxmi is funding her children's education with the increased income from sales of solar lights and sees herself as a clean energy ambassador in her community.

"I have never felt like a leader before, and this is the best feeling in the world. The skills training has made me more confident in initiating conversations with people around me. Even in the future, I know I can start my own business and make a way for my children and me through any situation. I feel independent and self-sufficient." Laxmi,

Leave poverty behind

Your donations have collectively made a huge impact by:

- Empowering **423 Women** Entrepreneurs like Laxmi
- Distributing **10,143 solar lights** and other renewable energy products.
- Saving **265,453 tonnes of CO2e** (est over the 5-year life of the product)
- Positively impacting 56,803 people living in poverty by helping them access education and improve the health of their communities.
- Saving communities **\$4.6 million AUD in reduced fuel costs** (est over the 5-year life of the product).

Thank you once again for sharing our belief that one empowered woman can lead her family and an entire community out of poverty and create safer, healthier and cleaner communities.

With your support, we will continue to reach more women across India and Nepal, living on less than \$1.90 per day and creating a positive impact on their lives and communities.

We look forward to working with you to celebrate this amazing milestone in funding support. Please reach out to Joe via joe.m@pollinategroup.org or 0439 188 339, or me if you want to discuss your impact at any time.

My entire team joins me to thank you for your support, and we look forward to continuing to make an impact on many more women with your ongoing support.

Kind Regards,

Sujatha Ramani

CEO
